

Morawa District High School

CONTRIBUTIONS & CHARGES YEAR 11 & 12

An Independent Public School

Information for Parents/Guardians—2017 Charges

The Government provides a comprehensive education for all students throughout Western Australia and Government funding of schools accounts for a significant part of the State budget. Government funding is provided to schools for the operating costs associated with the education of students, including the provision of salaries for teaching and administrative staff, school buildings and facilities and certain materials.

The financial support of every family plays a major part in providing extra resources that extend the school's capacity to broaden and extend the learning experience for all students. The quality of the schools programs is maximized when each family makes its contribution and assists in supplementing funds gained from both State and Commonwealth Governments.

Under the Student Centred Funding model introduced in 2015, funding is allocated to schools based on the learning needs of students and school characteristics. It delivers funding for each student enrolled and additional funding for students needing extra support, rather than delivering funding for school types and education programs.

In accordance with requirements of the **School Education Act 1999** and **School Education Regulations 2000** the Morawa DHS School Board has reviewed and endorsed the schedule of the Contributions, Charges and Personal Items Lists for 2017.

Charges

The School Education Act 1999 states that charges apply to all Year 11 & 12 courses and that there is no established maximum charge. Morawa DHS makes every endeavour to keep course costs to a minimum to ensure maximum participation.

Extra cost options: are specific activities, services or facilities that schools offer for students to use or take part in. Excursions such as camps, the school photographs and school social activities are examples. Students can opt to take part in these activities or use the services or facilities.

The charge associated with the provision of these activities, services or facilities cover the cost of providing the service or running the activity. The school relies on the payment for these activities to occur.

Personal items

Parents are also responsible for the provision of a student's personal items. A detailed list of requirements is provided to parents with the school contributions and charges list. These can be purchased from the Morawa Newsagency or any supplier.

The personal items list for Year 11 & Year 12 students can be found at the back of this document.

Items on the list can be purchased from any supplier.

Your child's Personal Items list is on the back of this information sheet.
